

KEMMLER IS RESPITED

A Writ of Habeas Corpus issued in the case of Kemmler, the Murderer, Who is

TO HAVE ANOTHER CHANCE FOR HIS WRETCHED LIFE.

The United States Supreme Court Grants a Writ of Habeas Corpus-Criminal News.

AUBURN, N. Y., April 30.—The prison authorities were surprised yesterday by the arrival of a stranger who called on Warden Durston and told that custodian of the life of Kemmler that he had with him a writ of habeas corpus which would relieve the warden of the job of putting an electric shock into the murderer any this week or for some weeks to come.

The stranger was Roger Sherman of New York City, an attorney. The warden was surprised. He did not know Mr. Sherman and he had been pestered so during the last fortnight by electricians and newspaper men in disguise, who in the eyes of the warden have been conspirators against the life of Kemmler, that he was inclined to doubt the genuineness of Mr. Sherman's statement. Mr. Durston told the lawyer—that was soon after 11 o'clock in the morning—that any man might show what he pleased to be a writ of habeas corpus for Kemmler and ask that it be accepted.

"I must have some assurance of the regularity of this proceeding," said the warden.

Mr. Sherman explained that the writ was obtained from Judge Wallace Monday and that a certified copy would be sent from the clerk of the court at Utica. That was not sufficient and thereupon Mr. Sherman went before Supreme Court Judge Dwight, who was sitting in the chamber here, and made affidavit that he was a lawyer and had obtained the following writ of habeas corpus from Judge Wallace:

"THE PRESIDENT OF THE UNITED STATES TO CHARLES A. DURSTON, WARDEN AND AGENT OF AUBURN PRISON: Greeting: The people of the United States, whom God defend, do command you that you have the body of William Kemmler, by you imprisoned and detained, as it is said, together with the time and cause of such imprisonment and detention, by whatsoever name the said William Kemmler is called or known, before the Circuit court of the United States for the northern district of New York, to be held at Canandaigua on the third Tuesday of June, at 10 o'clock in the morning.

"Witness, the Hon. Melville W. Fuller, Chief Justice of the United States. 'Fall not at your peril, and hear you, then, through this writ.' On the back of the writ is the following endorsement: 'The within writ is granted this 29th day of April. 'WILLIAM J. WALLACE, 'Judge United States Circuit Court.' Mr. Sherman had also prepared a paper for Kemmler to sign certifying that Mr. Sherman was authorized to act as his counsel and to apply for the writ. Judge Dwight said this would have to be signed by the prisoner in the presence of a notary public. Warden Durston was satisfied with these certificates of the regularity of Mr. Sherman's business and, except to announce the news formally to the newspaper men and to notify Kemmler, the warden's troubles for the day were over. Kemmler received the announcement without emotion. The matter had been undertaken without his knowledge and apparently without his desire. The execution may be delayed several months, if indeed, it ever takes place. The case grows in interest.

MURDERED BY BURGLARS.

The Rev. A. T. Large, a Missionary, Cruelly Slain at Tokio, Japan.

SAN FRANCISCO, Cal., April 30.—Advices from Japan received to-day state that the Rev. A. T. Large, a missionary, has been assassinated by burglars at Tokio. The deed was committed the night of April 4 or 5.

Mr. Large was aroused from his slumber by the burglars, and he sprang from his bed only to be killed and instantly killed by a sword in the hands of one of the intruders. Mrs. Large was also wounded in the melee.

Mr. Large was a graduate of Victoria university in Canada and went to Japan in 1886 as a member of the Methodist mission of Canada.

On the arrival of the Japanese steamer in Hong Kong March 26 from Nagasaki, the bodies of eight dead Japanese women were discovered in between the engine-room and the hold, having been suffocated during the passage. They had stowed themselves away with four other women and a male attendant, being destitute of leaving the country and not having official permission. The survivors were insensible and much exhausted.

A DESERTED WIFE'S REVENGE.

She Seizes Her Husband's Imprisonment and Judgment Against Him.

TORONTO, Ont., April 30.—Mrs. Finberg, whose husband was sent to Central prison for one year for clearing out from Chicago and refusing to support her, has secured judgment against him at the High Court of Justice for \$25,000. She claims that he absconded with fabulous wealth belonging to her, taking with him a young woman who had been living with them.

SHOT IN HIS OFFICE.

Station Agent at Jasper, Ga., Killed and Robbed—Lynching Threatened.

JASPER, Ga., April 30.—Two negroes entered the Georgia Southern & Florida depot here about 1 o'clock yesterday morning and called for a ticket. While Mr. Haley Frink, the night telegraph operator, acting as agent, was preparing the ticket, one of the negroes shot him, and then they robbed the office and fled. Young Frink died last night. One of the negroes was captured at Melrose and the other is being hotly pursued. Jasper may witness a lynching.

Can Not Escape His Wives.

BURLINGTON, Iowa, April 30.—William Delap, Burlington's celebrated blamist, was arraigned in court to-day. Three of his wives appeared against him and he wilted. His sentence was one year in the penitentiary at Fort Madison, where he was taken. He created a storm of laughter after receiving his sentence by asking the judge if going to the penitentiary would release him from all his wives. He heaved a troubled sigh when the judge assured him in the negative.

ATTACKED THE WRONG CROWD.

Roughs Attempt to Enter a School-House and One of Them is Killed.

GUAYDOTE, W. Va., April 30.—Word reached here late last night that at Thirteen-Mile creek, on the Big Quay river, during a spelling contest at the school, a crowd of toughs undertook to break up the school. A fight ensued, during which "Yellow" Smith, a notorious character, was killed, and Dolly Gorton, a girl of 16, was badly wounded. Several others were also seriously hurt.

A Father Kills His Son and Himself.

ROCHESTER, Minn., April 30.—Richard Snelkne, a German farmer, committed suicide to-day after taking the life of his 3-year-old boy. Snelkne and his wife have lived unhappily together and the latter had left him. The wife is now living with her mother. Snelkne visited her to-day, and on returning home killed his boy and himself.

PANIC ON A BURNING BOAT.

Destruction of a Steamer in Florida.

AMID SCENES OF DEATH AND TERROR. JACKSONVILLE, Fla., April 30.—The H. B. Plant, a St. Johns river steamer, was destroyed by fire yesterday in Herford lake, a large sheet opening out of St. Johns river, 100 miles south of this city, causing the loss of three lives—one deck passenger, John Collins, one deck hand and Albert Mallory, a waiter boy, all colored.

An alarm was first sounded at 4:30 in the morning when the entire forward part of the vessel blazed up. The chief cook and deck hands woke up the passengers and all were in a horrible state of fright and alarm. Half-dressed and nude passengers jumped overboard and in their fright began swimming away from the landing. Capt. Hall, with rare presence of mind, had the life-boat cast off, and held her beside the burning vessel, revolver in hand. He then called for women and children and put them in first, not letting a man approach. The women were landed and then all others were rescued, all in nearly a nude state. The captain's coolness saved the lives of all.

EXCOMMUNICATED A PAPER.

Bishop Janssen's Bull Against the Belleville Arbeiter Zeitung.

BELEVILLE, Ill., April 30.—A sensation that is a universal topic of discussion has been precipitated by Bishop Janssen, of Belleville. He has issued a bull of excommunication against the Arbeiter Zeitung, a socialist paper of Belleville, and its Editor, Hans Schwarz. He commands all Catholics on pain of excommunication not to read, advertise in or circulate the Arbeiter Zeitung.

The diocese includes all southern Illinois, and the bull will be read in all the Catholic churches next Sunday. It was read in the Belleville church last Sunday. The bishop claims the doctrine of the Arbeiter Zeitung is antagonistic to the church and the language unsafe for the family.

THREE MEN DROWNED.

Fatal Result of an Attempt to Change Positions in a Boat.

NEWPORT, Vt., April 30.—A boat containing four men was capsized on the lake last night and three of the men were drowned. They are Ed Foss, clerk at the Memphremagog house; Ned Green an employee of the house, and Joe Robitaille, Arthur Moore, the fourth occupant, succeeded in swimming ashore. The bodies of the drowned men have not yet been recovered. The boat was capsized in the attempt of two of the men to change positions.

She Married Count Maximilian.

PHILADELPHIA, April 30.—The marriage of Count Maximilian Albrecht of Pappenheim to Miss Mary Wister, daughter of the late Mrs. Charles Wheeler, took place here yesterday. Mayor Fitter performing the ceremony. The religious service which is necessary before the bride will attain the title of Countess will take place at St. Mark's church.

Inspector Coon Says the Heathen Chinese Will Come Into the United States.

THE PRESIDENT AGAIN EXERCISES HIS PREROGATIVE.

He Refuses to Approve the Dallas Public Building Bill—Other Capital News.

WASHINGTON, April 30.—President Harrison sent to the House a message vetoing the bill to provide for the erection of a public building at Dallas, Tex. Among other things the President says:

"It will be admitted, I am sure, that only a public need should suggest an expenditure of the public money and that if such needs can not be at once supplied the most general and urgent should have preference. I am not unfriendly to a liberal annual expenditure for the erection of public buildings where safety and the convenient transaction of public business demand it, and the state of the revenues will permit. It would be wiser in my opinion to build more and less costly houses, and to fix by general law not amount of the annual expenditures for this purpose and some order of preference for cities asking for public buildings.

"But in view of the pending legislation looking to the very large reduction of our revenues, and of the urgency and necessity for a large decrease in our expenditures in certain directions, I am of the opinion that appropriations for the erection of public buildings and all kindred expenditures should be kept at a minimum until the effect of other probable legislation can be accurately measured.

"The erection of public buildings is largely a matter of local necessity and convenience, while expenditures for engaged relief and recognition of the soldiers and sailors of the war for the preservation of the Union, for necessary coast defenses, and for the extension of our commerce with other American States, are of universal necessity, and involve considerations not of convenience but of justice, honor, safety, and general prosperity."

CAN'T KEEP THEM OUT.

Inspector Coon Says the Heathen Chinese Will Come Into the United States.

WASHINGTON, April 30.—The Secretary of the Treasury has received a long report from D. E. Coon, Chinese Inspector at San Diego, in regard to the smuggling of Chinese into the United States from Mexico.

He says a careful inspection of the country and roads crossing the State line from the large wild turkey at the sea shows that the opportunities for crossing over into this country are many and that it is impossible with the present force to prevent all the Chinese from entering our country. He says that the smuggling of Chinamen into the United States is a profitable traffic of no small dimensions and backed by a very heavy capital with the principal headquarters at San Francisco and China.

The evidence seems to be that contracts are made in China to deliver safely each Chinaman an American soil, and a guaranty given. If the delivery is made in safety \$140 is paid. The Chinamen are provided in China with tickets to various ports in Mexico and on arrival in the harbor of San Francisco are transferred to a coaster, by which they are taken to Ensenada and other points.

"But the real destination of the Chinaman," said Mr. Coon, "is the United States, and no matter where he lands, be it Mexico or Canada, he will at the earliest possible moment work his way to his original destination. The action of the Secretary of the Treasury prohibiting further transfers in the harbor of San Francisco was a most fortunate order, and will serve to check the traffic for a time at least."

"I apprehend however, that in the near future steamship lines will bring them direct from China and land them on Mexican soil as near the United States as possible, so they may finally reach the country they are looking for. Legislation on this subject by Congress, if well considered, will afford temporary relief, but in my opinion it will be found necessary for our government to negotiate treaty stipulations with Mexico and the British government whereby those nations will exclude Chinamen from their Territory on this continent. The surest and the most speedy and economical punishment the Chinaman can have and the one to be most dreaded by him is to send him at once to his native country."

CONGRESSIONAL.

The House Considers an Irrigating Scheme.

WASHINGTON, April 30.—In the House this morning the Pierce of Tennessee rose to a question of personal privilege and denied the charge made by Evans of Tennessee that there had been any ballot-box stuffing in his (Pierce's) district. He said the only place in the State in which there was ballot-box stuffing was in Evans' own district.

On motion of Mr. Lanham, of Texas, the senate resolution was concurred in concerning the irrigation of the lands in the valley of the Rio Grande and the construction of a dam across that river at or near El Paso for the storage of its waste waters. The President is requested to enter into negotiations with the government of Mexico with a view to the irrigation of the valley. An amendment was agreed to, requesting the President to include in the negotiations all other objects of interest which may be deemed to effect the present prospective relations of the two governments.

The House then proceeded to consider a bill coming over from Friday removing the charge of desertion from the record of William Dawson. This soldier was a prisoner during the war and in order to escape the hardship of prison life enlisted in the Confederate army and subsequently returned to the Union army.

After a brief consideration the bill was passed.

The house spent the remainder of the session on the bill to classify worsted cloths as woolsens.

The Senate.

WASHINGTON, April 30.—After the transaction of some routine morning business of little public importance, the consideration of the land forfeiture bill was resumed.

Mr. Moody offered an amendment, which was agreed to, declaring that the act shall not be construed to confer any right on any State, corporation or person to lands that were excepted in the grants.

The bill was then passed without a division.

Shot Himself in a Gambling House.

the head in a gambling house in Virginia, near here, last night, and is lying at the point of death. He had been making and losing heavily.

THE STRIKE IS SETTLED.

Chicago Carpenters Reach an Agreement with the Bosses.

CHICAGO, April 30.—It is announced on the very best authority that the carpenters' strike has been settled and that the men will be ordered back to work Friday morning. This desirable result has been brought about by the new Boss Carpenters and Builders' association. The terms of the settlement have not been made public, though it is understood that concessions were made on both sides. The only reason why the men did not go back to work to-day was that the leaders thought it better to let matters remain in statu quo until after the parade on Thursday. Though the old Master Carpenters' Association has taken no part in the settlement which has been reached, there is little doubt that as individuals many of them will hire members of the union. The new organization has an employing capacity of about 4,000 men, and there are about 6,000 carpenters out of work at present. Even if the old association persists in its determination to employ none but non-union men there are enough contractors and builders outside of both associations to give employment to all the union men in the city.

GOV. HOVEY SERIOUSLY ILL.

The Indiana Executive Very Feeble and Not Expected to Live Long.

INDIANAPOLIS, April 30.—The friends of Gov. Hovey are becoming very much alarmed over his condition. One of them said to-day that he did not believe the governor would live to the end of his term. Some three months ago Mr. Hovey suffered a severe attack of the grip, and this was followed by a very acute form of rheumatism. He was still suffering from the latter disease when dropsical tendencies became plainly marked and he is now in a very feeble health. He is frequently absent all day from his office, and when he comes down he is compelled to use a carriage. It is with great difficulty that he walks, even on the smooth till floor of the capitol, and he goes in and out of his carriage only with assistance.

SHOT FOR A TURKEY.

Brightful and Fatal Hunting Accident Reported from Little Rock, Ark.

LITTLE ROCK, Ark., April 30.—Sanborn Youngblood, a leading citizen of Boone county, was killed yesterday in an accidental and most singular manner. He and John Foley had gone out hunting together. On arriving at a strip of woods they separated, and a short while afterward Foley saw what he supposed to be a large wild turkey in the underbrush. He took "deliberate aim and fired. A cry of pain followed and he was horrified at the realization that he had shot his companion. He immediately ran to the spot and found Youngblood dying. The ball had entered the back of his head near the base of the brain and death followed in half an hour.

Iowa Presbyterians Favor Revision.

Fort Dodge, Iowa, April 30.—The Fort Dodge presbytery, comprising all the counties of northwestern Iowa at its session just closed voted in favor of a limited revision of the confession of faith. The ministerial delegates were equally divided on the question, but the full vote, including that of the lay members, stood 25 to 20 in favor of limited revision. On the subject of temperance resolutions were adopted strongly indorsing the present prohibitory policy.

Strikes in New Brunswick.

ST. JOHN, N. B., April 30.—The labor strikes here are assuming a grave aspect. Yesterday the employees of McAvity & Sons, brass founders, went out on a nine-hour strike. The employers offered a half-holiday instead which was refused. The men of Fleming's locomotive works also went out. They were allowed the nine-hour system, but refused to accept it because two of the employees who refused to sign the document continued at work.
